Art Unit: 3634

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 2-4,6,7,10-12 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Hennequin. Hennequin discloses a device including a winding drum 2, cords 13,14, and a mount for the winding drum 2 comprising parts 3,4,11,12.

The applicant states that for Hennequin to read on claim 10 when the supporting parts of Hennequin are assembled together a through hole must be formed for a cord to pass through whereas the alleged supporting parts of Hennequin (i.e., 3, 4, 11 and 12) do not have a shape such that when the parts are assembled together form a through hole through which pass one of Hennequin's cords (13, 14). This is not convincing for the respective cutout portions of the parts 3,4,11,12 of Hennequin have the explicit purpose of accommodating the passage of cords 13,14 (note figure 1 of Hennequin).

Applicant's arguments have been fully considered but they are not persuasive.

2. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
